My dear Sir,

The bearer of this
note will give you \pm 25.00 - voted by
the Hudson Ladies' Repro. Association
Society - "to be sent to the Boston Freed
men's Aid Society" - I wish heartily that
the sum were larger - we are sending
at the same time \pm 28.00 - to Cincinnati
- each sum I am told. being doubled
in value in America - but Society -
is only 3 years old - ~~we~~ originated it,

Ms. B.1.6 v.10 p.27

chiefly to enlighten our English
public upon the true causes of the
terrible conflict. still basing in
America - We have done our work
in that direction - as you will see
by the Report of anti Slavery in 1864 -
by us - and now - it seems our
efforts should be directed towards
altering the condition of the
Negroes - I do not feel as if I
were writing to a stranger - I do
not feel that any Abolitionist can
be as a stranger to me - and from

letter of Mrs. Miss Wigham
has kindly sent me to read -
and from Miss Pennell whose
6 months visit - has extended to
three years - and who is now leaving
me - I feel to have gained some
knowledge of her - Your Abolitionists
of America - are also all present -
we unite in England can do
comparatively little - the horrors
of the war - ^{are} ~~are~~ too far off - to allow
us to realize the full horror - we
can but sympathize - and that
I do most fully - and heartily -

I read your paper. I watch events
I am in your victim - I see
over the shortcomings of Northern
the war - they cease to be - when is
Prejudice? I pray that I may
live to see the day when the
white men will clasp the hand
of the negro as a brother - as an
equal - Apologies for troubling
you - I remain

with much esteem

Yours cordially

Wentworth Taylor
